All EngView products are designed for Microsoft Windows 8, Windows 7, Windows Vista, XP, 2000 and MAC OS X.

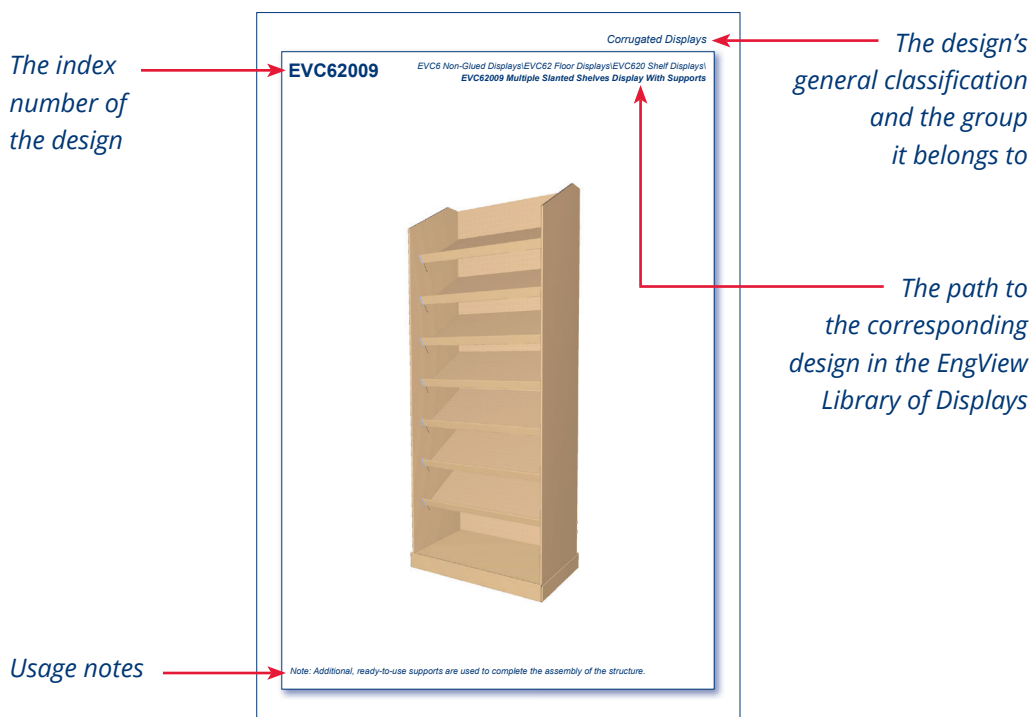

INSTRUCTIONS

This handbook is the guide to the index information about all parametric standards featured in the EngView Library of Displays. It is meant to assist the users of EngView Package & Display Designer Suite in their search for appropriate standards and design types.

The handbook consists of two sections: (1) Corrugated Board and (2) Rigid Board POP/ POS Displays and Structures.

Depending on the specific types of the included designs, each section is divided into groups and subgroups of designs. Their structures are identical with those of the file folders and directories of the Library of Displays and the Library Index Help System of EngView Package & Display Designer Suite.

An example layout of an index page:

How to find additional information in the EngView Library Index Help System

Each design is described in detail in the EngView Library Index Help System. To reach it, follow the same path as in the index handbook or the file system.

The designs from the library can be opened in EngView Package & Display Designer Suite or in Adobe Illustrator.

CONTENTS

I. Corrugated Board

Corrugated Displays

EVC5 Glued Displays

EVC51 Counter Displays

EVC52 Floor Displays

Corrugated Board

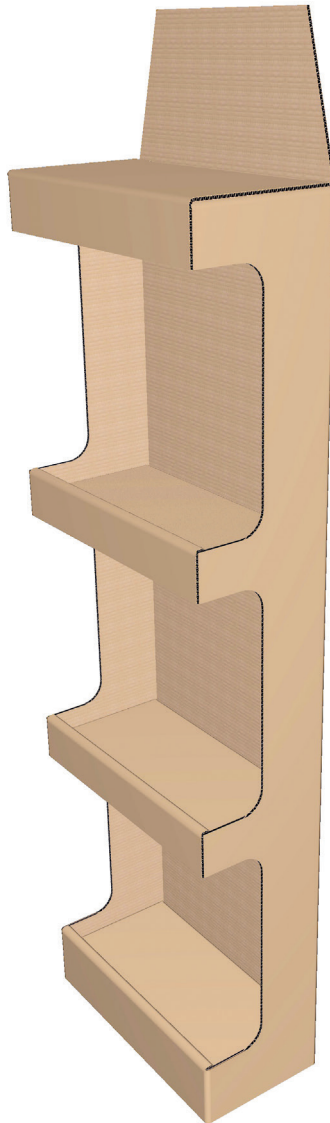

EVC51001

*EVC5 Glued Displays\EVC51 Counter Displays\
EVC51001 One Piece Three Shelf Display*

EVC51002

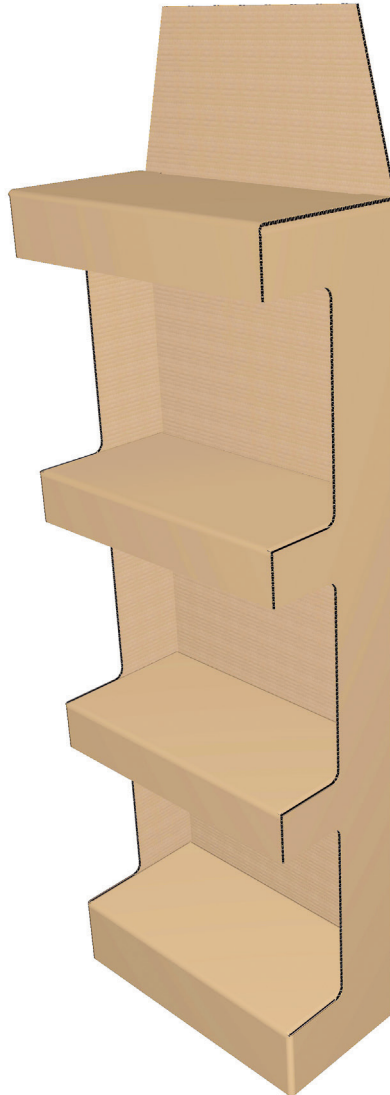

EVC5 Glued Displays\EVC51 Counter Displays\
EVC51002 One Piece Three Shelf Display

Note: The shelf ends are protected by raised front walls.

EVC51003

EVC5 Glued Displays\EVC51 Counter Displays\
EVC51003 One Piece Three Shelf Display

Note: The shelf ends are flat (not protected by raised front walls).

EVC51004

*EVC5 Glued Displays\EVC51 Counter Displays\
EVC51004 One Piece Three Shelf Display*

EVC51020

*EVC5 Glued Displays\EVC51 Counter Displays\
EVC51020 Two Shelf Display with Self Locking Front Panel*

Note: A double wall is used for the bottom shelf.

EVC51021

*EVC5 Glued Displays\EVC51 Counter Displays\
EVC51021 Two Shelf Display*

Note: A single wall is used for the bottom shelf.

EVC51022

*EVC5 Glued Displays\EVC51 Counter Displays\
EVC51022 Two Shelf Faceted Display with Locking Panel*

Note: A double wall is used for the bottom shelf.

EVC51023

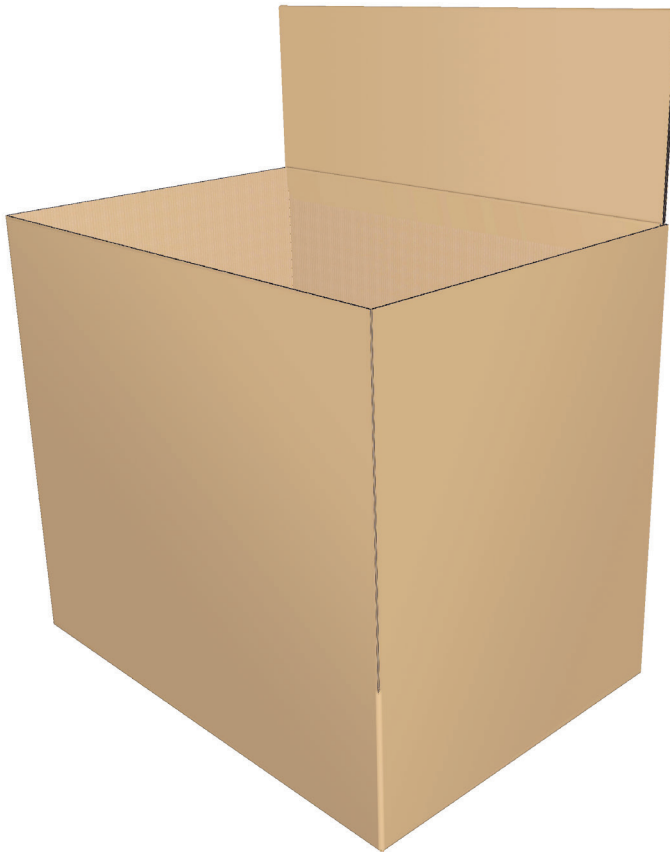

EVC5 Glued Displays\EVC51 Counter Displays\
EVC51023 Two Shelf Faceted Display

Note: A single wall is used for the bottom shelf.

EVC51040

*EVC5 Glued Displays\EVC51 Counter Displays\
EVC51040 Box Display - Snap Lock*

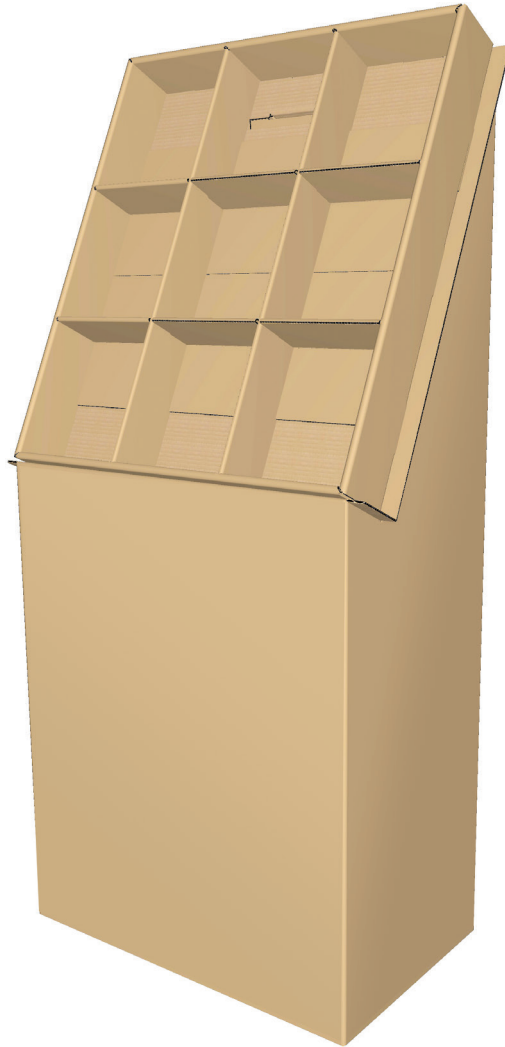

EVC52001

*EVC5 Glued Displays\EVC52 Floor Displays\
EVC52001 Stand Display with Six Cell Tray*

EVC52002

*EVC5 Glued Displays\EVC52 Floor Displays\
EVC52002 Slanted Cell Display*

EVC52020

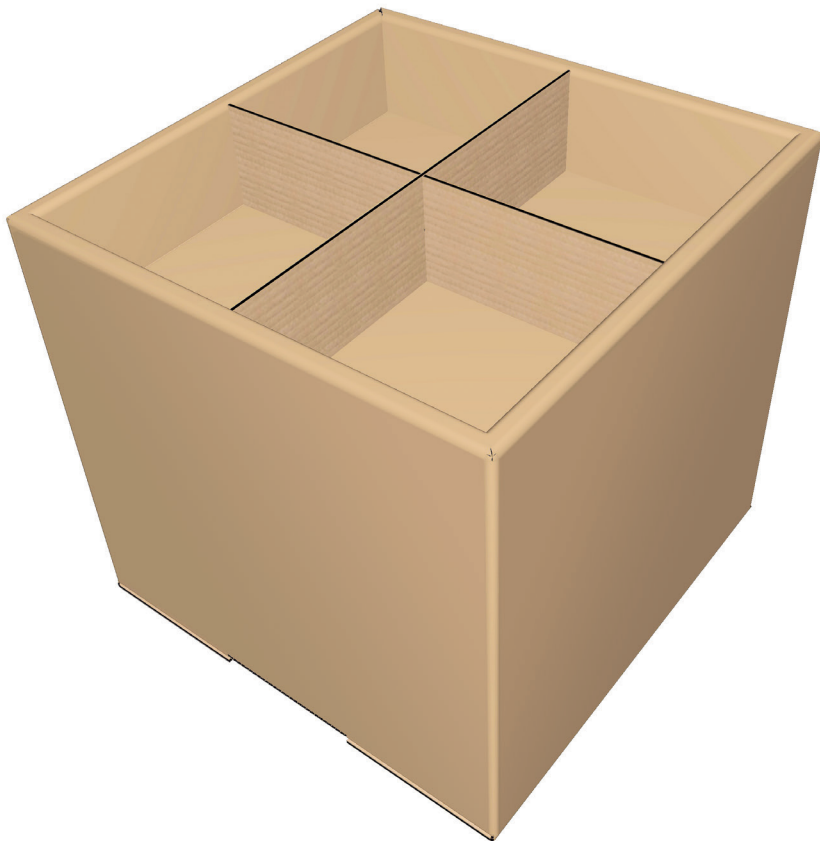

EVC5 Glued Displays\EVC52 Floor Displays\
EVC52020 Top Shelf Cell Display

Note: The outer wall is creased at 180 degrees to form a double wall.

EVC52021

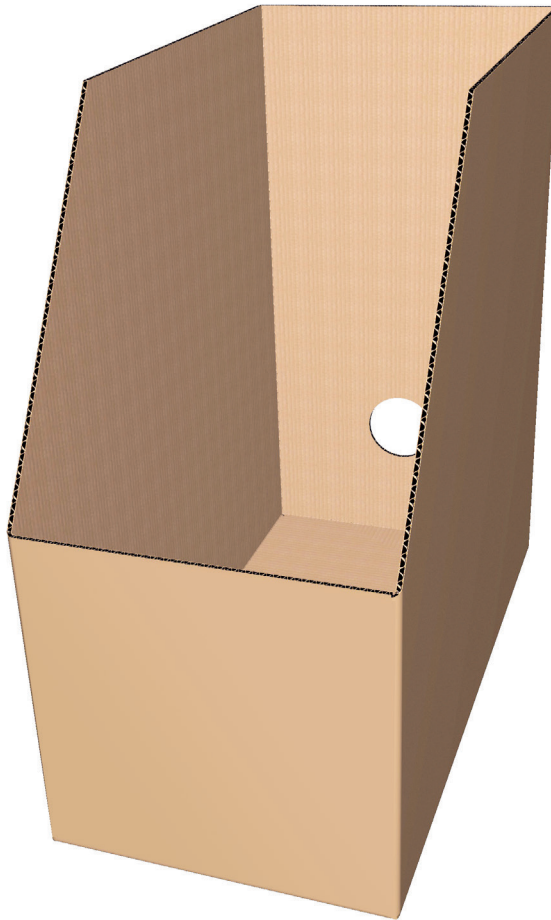

EVC5 Glued Displays\EVC52 Floor Displays\
EVC52021 Top Shelf Cell Display

Note: Double-creasing is used to form the outer wall.

EVC53001

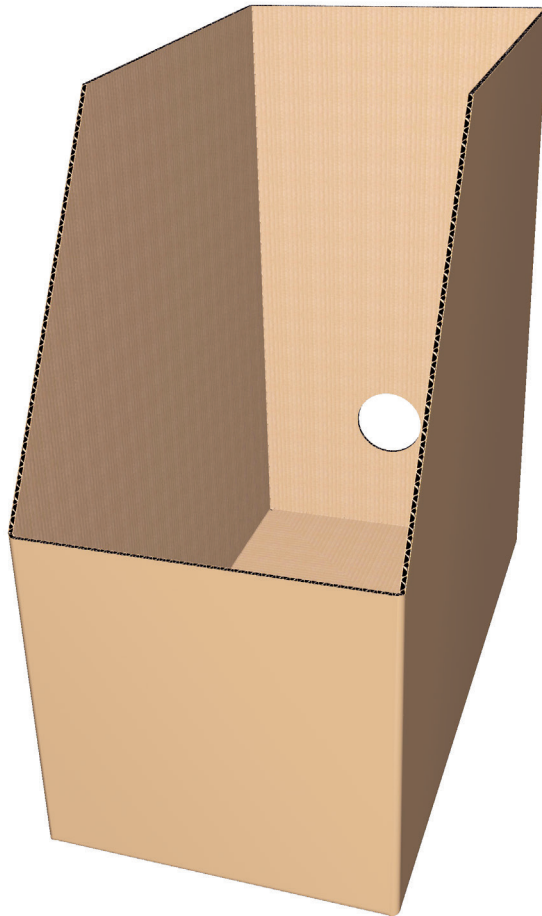

EVC5 Glued Displays\EVC53 Filers
EVC53001 Filer with Snap Lock

Note: The glue flap is attached to the long side of the structure.

EVC53002

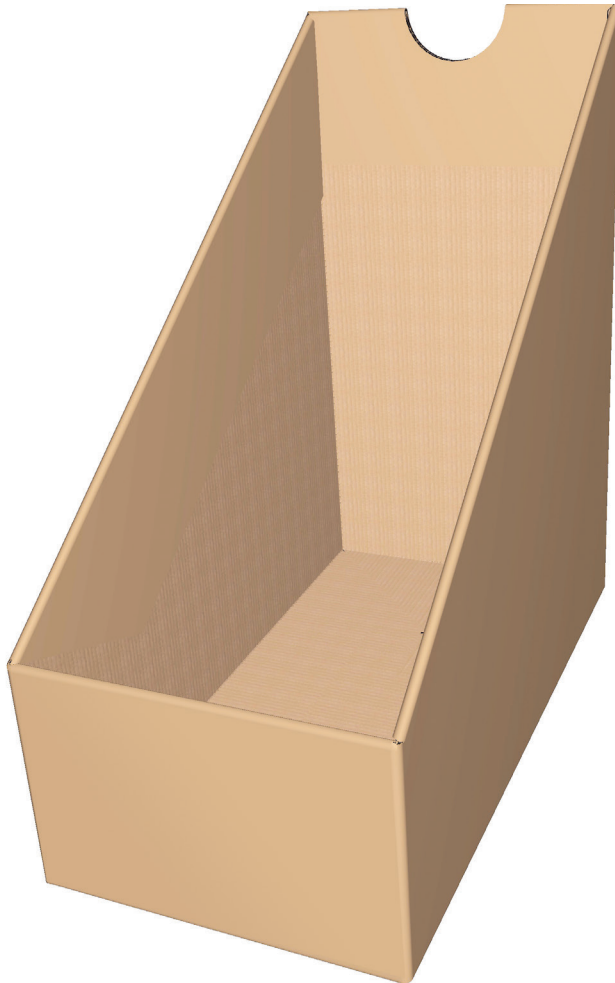

EVC5 Glued Displays\EVC53 Filers\
EVC53002 Filer with Snap Lock

Note: The glue flap is attached to the short side of the structure.

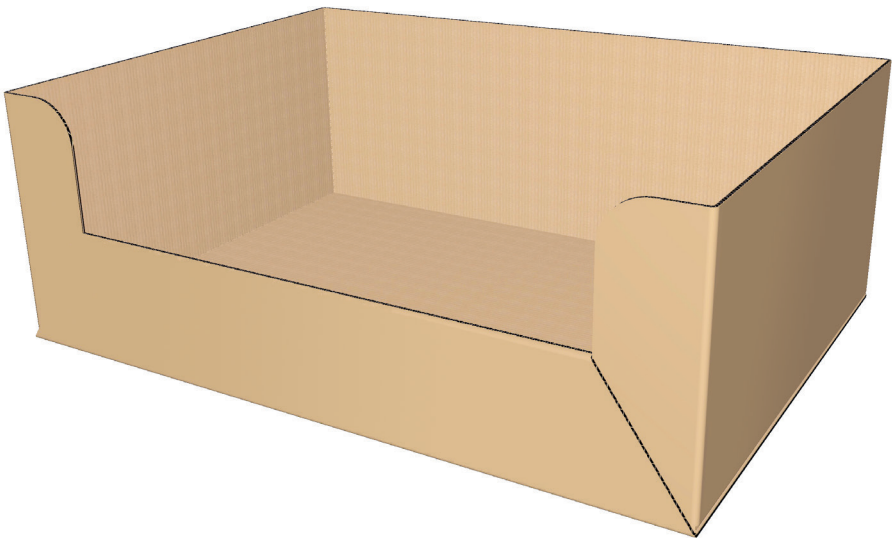

EVC53003

*EVC5 Glued Displays\EVC53 Filers\
EVC53003 Filer with Snap Lock*

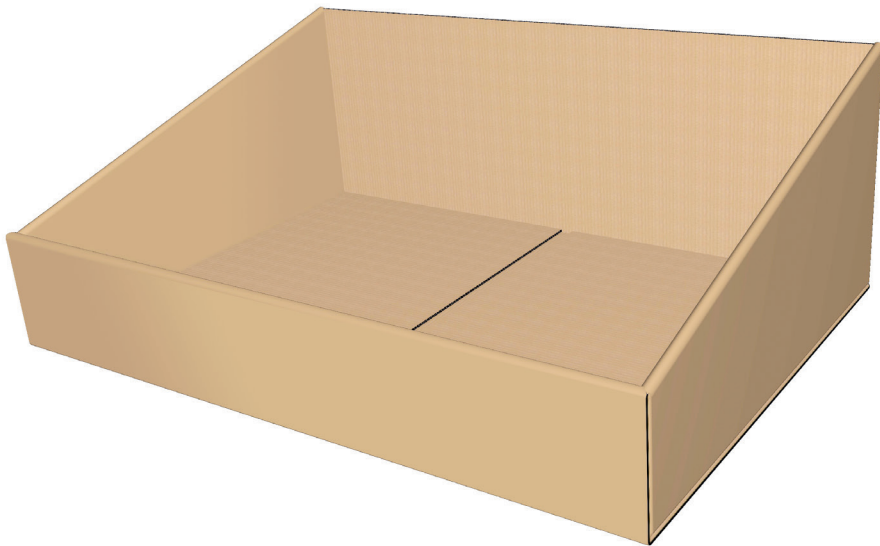

EVC61001

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61001 Display with Double Bottom and Front Panel*

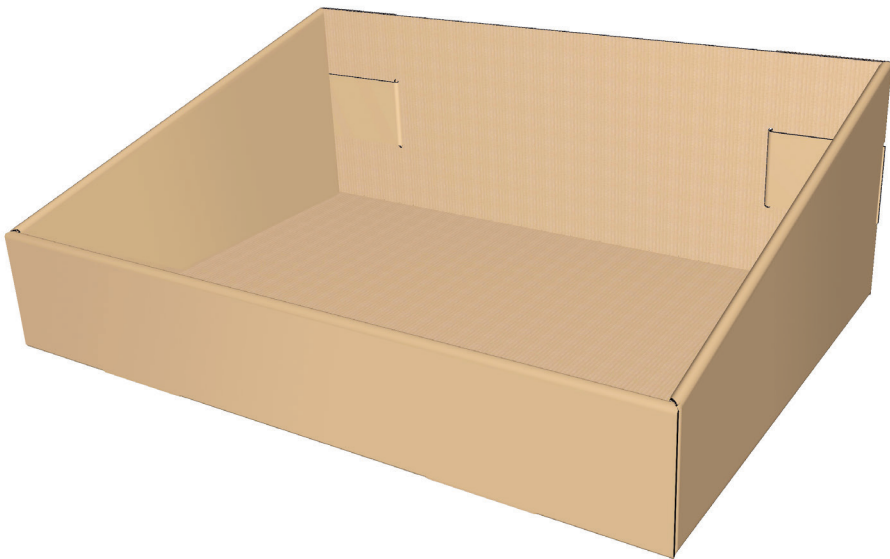

EVC61002

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61002 Display with Double Bottom*

EVC61003

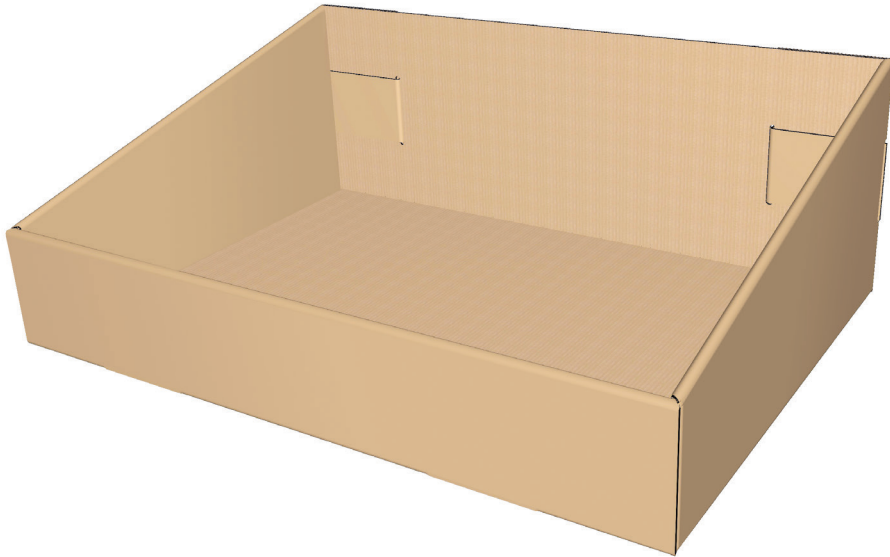

EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61003 Display with Offset Lock Holes

Note: The locking holes are positioned at an offset from the creasing line.

EVC61004

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61004 Display with Locking Front Panel*

Note: The locking holes are level with the creasing line.

EVC61005

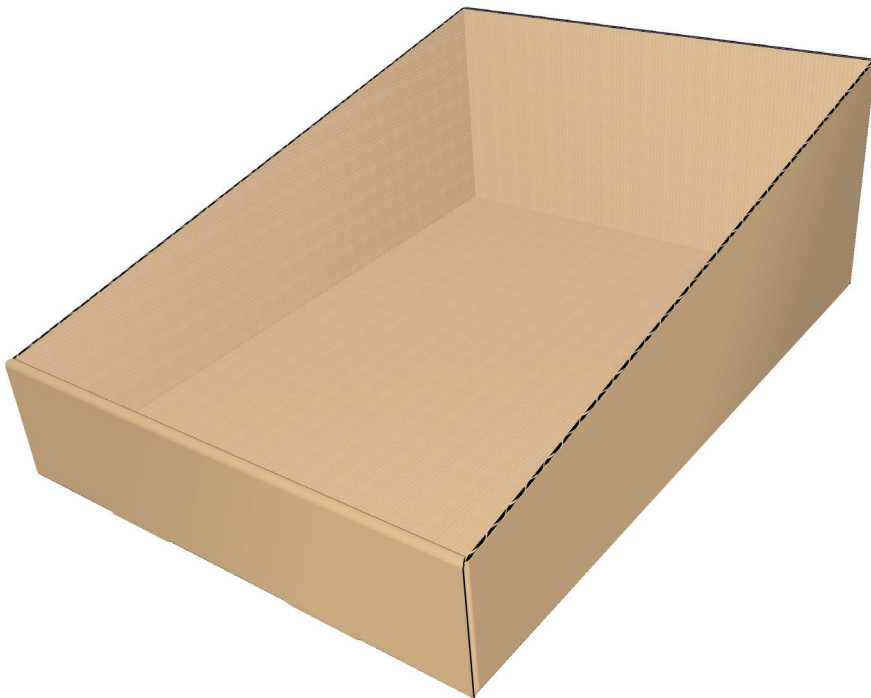

EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61005 Display with Double Walls

Note: The structures of the designs EVC61005, EVC61007, EVC61008 differ in how the flaps are inserted into the double walls. For details about each structure, see the respective design's 2D representation.

EVC61006

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61006 Display with Locking Front Panel*

EVC61007

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61007 Display with Double Walls*

Note: The structures of the designs EVC61005, EVC61007, EVC61008 differ in how the flaps are inserted into the double walls. For details about each structure, see the respective design's 2D representation.

EVC61008

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61008 Display with Double Walls*

Note: The structures of the designs EVC61005, EVC61007, EVC61008 differ in how the flaps are inserted into the double walls. For details about each structure, see the respective design's 2D representation.

EVC61009

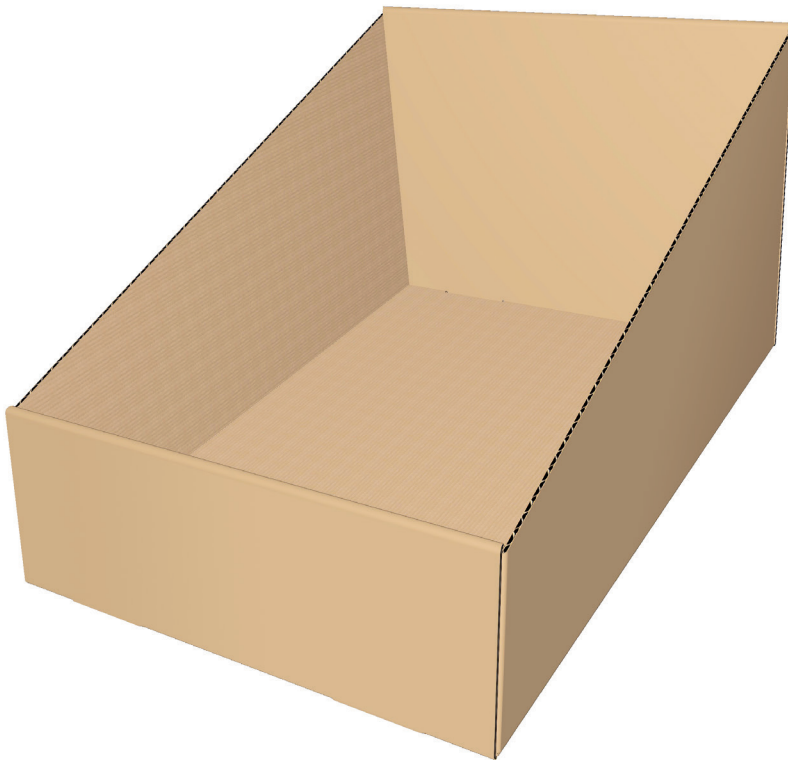

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61009 Irregular Display Tray with Self Locking Wall*

Note: Both the front and the rear walls can be designed as inclines.

EVC61010

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61010 Irregular Display Tray with Self Locking Wall*

Note: The front wall can be designed as incline.

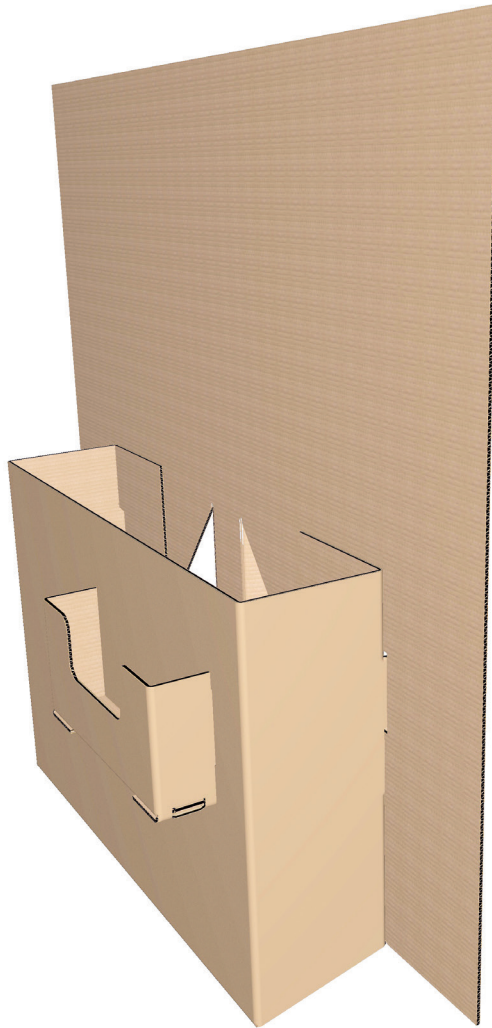

EVC61040

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61040 Tapered Display with Locking Front and Back Walls*

EVC61050

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61050 Table Top Two Pockets Display*

EVC61060

*EVC6 Non-Glued Displays\EVC61 Counter Displays\
EVC61060 Four Step Display*

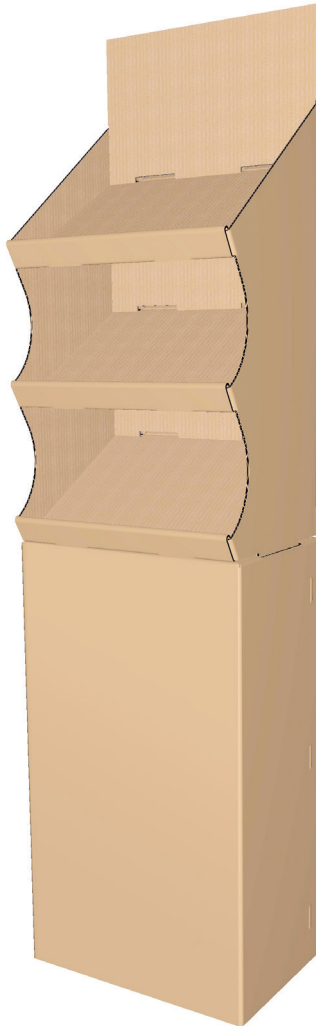

EVC62001

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62001 Multiple-Shelf Display*

EVC62002

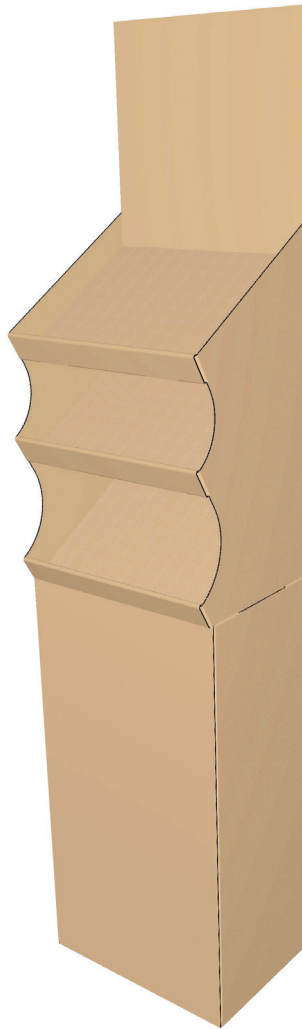

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62002 Three Slanted Shelves Stand Display*

Note: Both the body and the base are designed as single-part structures.

EVC62003

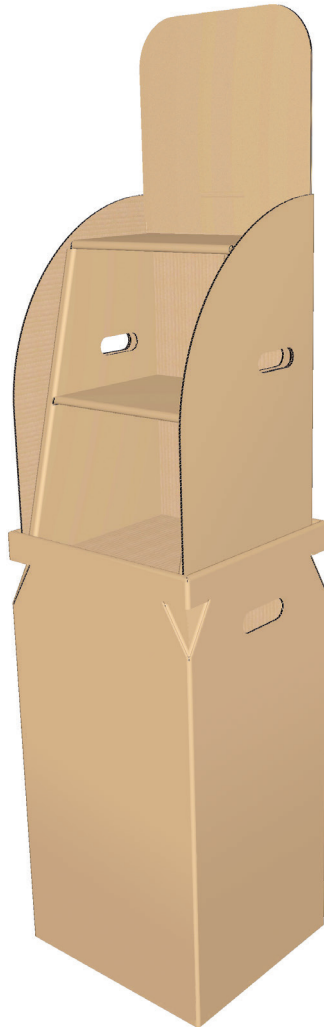

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62003 Three Slanted Shelves Stand Display*

Note: Both the body and the base are designed as two-part structures.

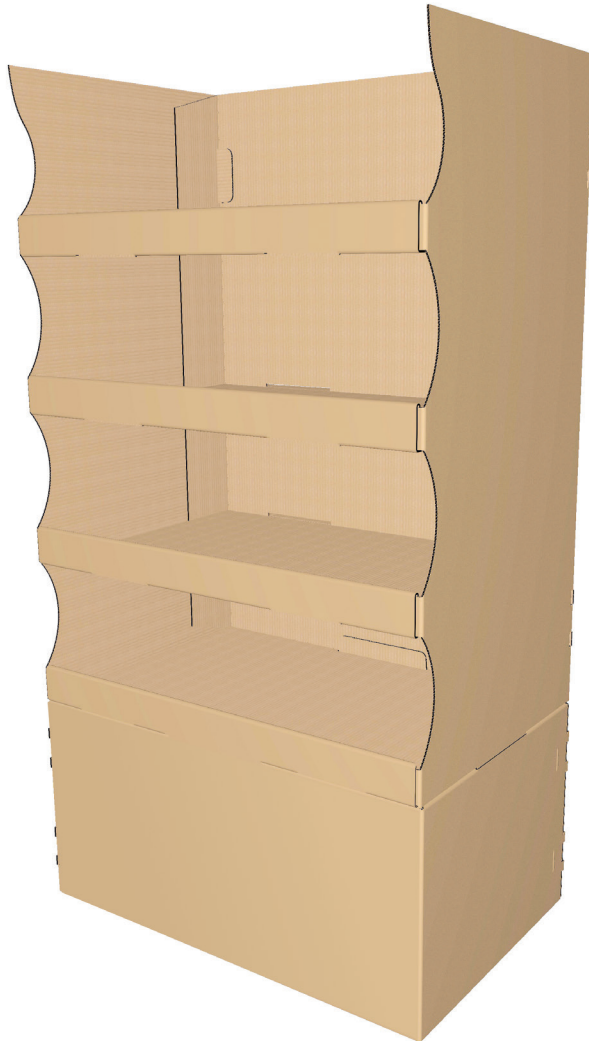

EVC62004

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62004 Three-Shelf Stand Display*

EVC62005

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62005 Multiple-Shelf Stand Display*

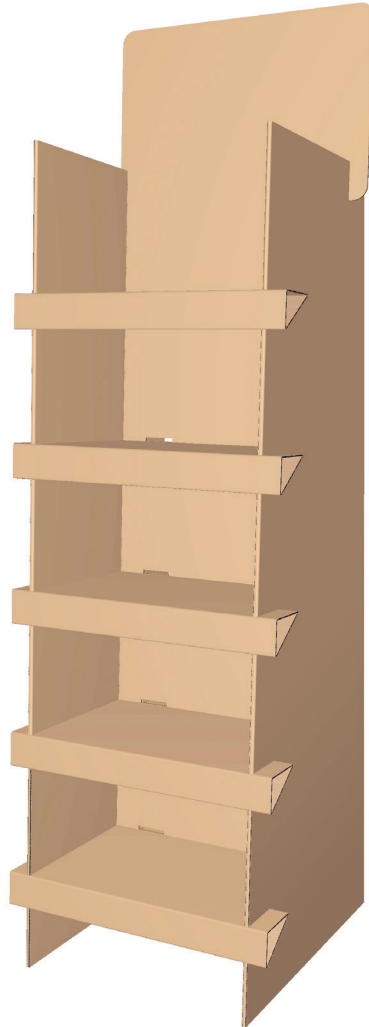

EVC62006

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62006 Multiple-Shelf Juice Box Display*

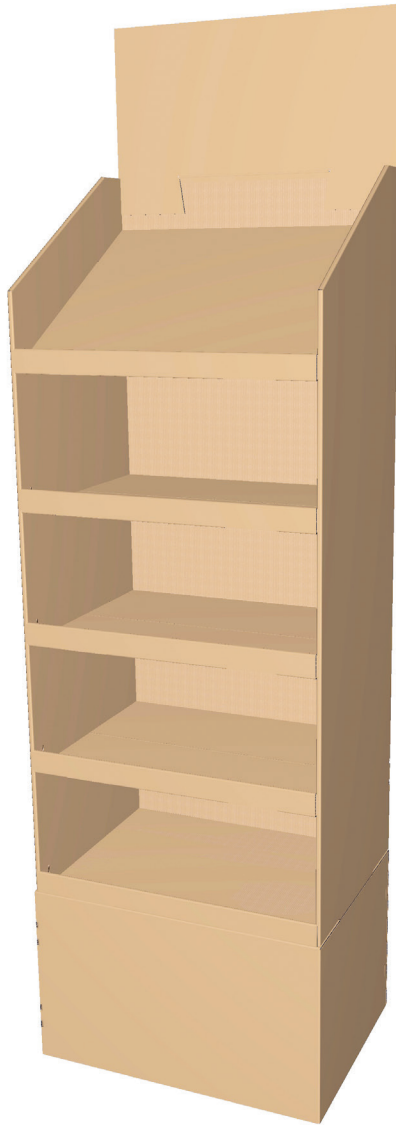

EVC62007

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62007 Multiple-Shelf Display*

EVC62008

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62008 Multiple Slanted Shelves Display*

EVC62009

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62009 Multiple Slanted Shelves Display With Supports*

Note: Additional, ready-to-use supports are used to complete the assembly of the structure.

EVC62010

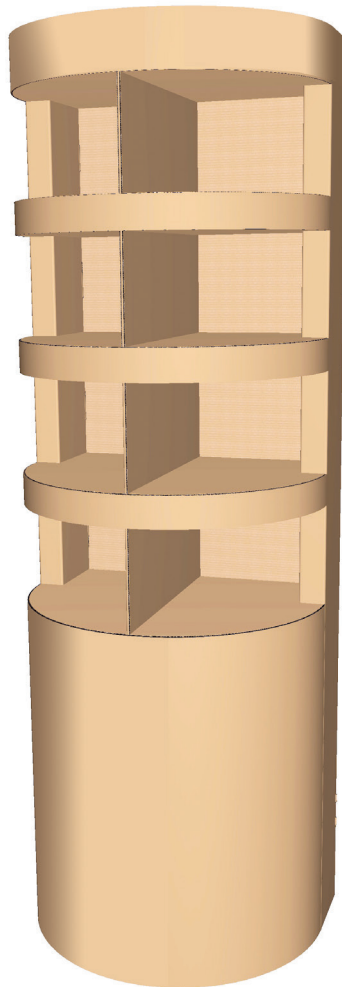

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
EVC62010 Multiple-Shelf Stand Display With Supports*

Note: Additional, ready-to-use supports are used to complete the assembly of the structure.

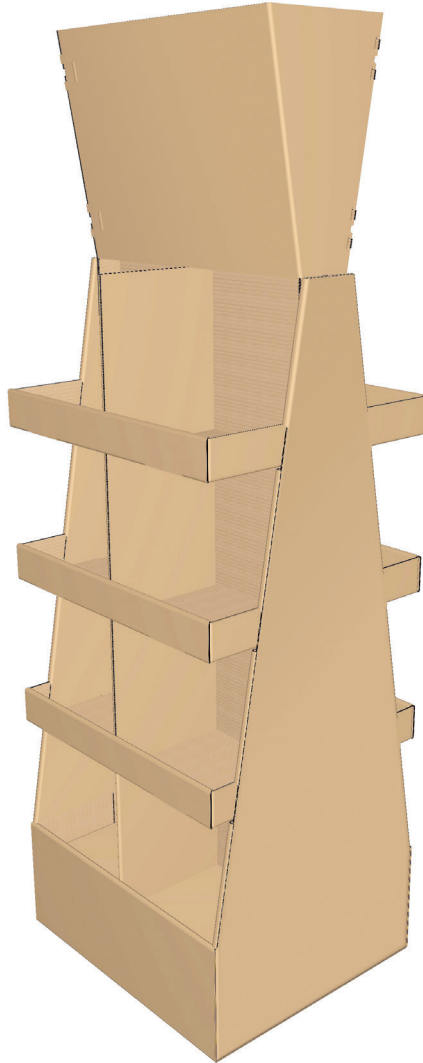

EVC62030

*EVC6 Non-Glued Displays\EVC62 Floor Displays\EVC620 Shelf Displays\
